Many students return home or live at another address during breaks from university or college and also their term time address can change from one academic year to the next. It would help us, to ensure that we don't lose track of you between academic years, if you could provide us with a more permanent home address. This would also enable us to make sure that ,when you graduate, we can get in touch with you, find out where you are intending to start the next phase of your study or career and let you know if there is a Junior Chamber close by.
